

A vote for Wilson is a vote for Newton D. Baker who compared the founders of the Republic to Villa bandits.

According to the New York Sun, the prices of wheat has gone up. Is there a single necessity of life that has not been hit by Democratic times?

In the last Presidential election Mr. Wilson did not have a majority of the vote over the combined vote of Mr. Taft and Mr. Roosevelt in a northern state. The fact that most of the Progressives have returned to the Republican party show how slim the foundations are to the Democratic claim of a sweeping Democratic victory. Let no Republican be disturbed by the vociferous declarations of the Democratic campaign managers who pretend to see triumph everywhere. Noisy boasting does not carry states.

The party who went over the mountain through the Notch from Jeffersonville to Stowe Monday were decidedly enthusiastic concerning the proposed state road. Made up of men from various parts of the state, about a hundred of them, they were all of the opinion that a road through there would open up some of the finest mountain scenery in Vermont and would not only become popular locally, but that it would be a great attraction for out-of-the-state visitors. If Vermont wants to show up scenery as good as can be found in Italy or anywhere else in the universe this is the place. Anybody doubting this will have all doubts removed by taking a trip through the Notch.

Sincere sorrow is expressed in all parts of the county over the death of Albert H. Cheney of Stowe. A man of sterling integrity, a loyal citizen and a friend of all; in fact he was one who had no enemies whatever, and his death is a great loss to friends and the community. Stowe will miss him, as he always identified himself with that which pertained to the best interests and the welfare of that town. In county matters he took an active interest. So highly respected was he that his name was prominently mentioned in connection with a county office, but his health was such that he refused to allow it to be used. Well may it be said of him:

"His life was gentle; and the elements
So mix'd in him, that Nature might stand up
And say to all the world, 'This was a man!'"

Two Killed in Auto Accident

Mr. and Mrs. Edmund C. Morse of Lyndon were instantly killed early last Sunday evening when their touring car went through a fence and overturned at the foot of an embankment near the Maplewood farm about four miles from St. Johnsbury. Mr. Morse, a merchant, was 53 years of age and his wife was 44.

With Mr. and Mrs. Morse were Misses Amelia Lee, Maud Wetherbee and Alice Bancroft, all teachers in the public schools of Lyndon. They were within three miles of Lyndon when they struck a narrow strip of road and met another car, and Mrs. Morse, evidently dazed by the bright glare of the lights, swerved too much to one side and lost control of the car when it left the road. The machine dashed through the fence and turned turtle, pinning all underneath.

The young women were in the back seat and managed to get out without assistance, but Mr. and Mrs. Morse were caught by the steering wheel and back of the front seat and were crushed so badly that they died instantly.

Mr. Morse was a native of Cabot and Mrs. Morse was a native of Concord. Mr. Morse was a brother of Mrs. Alice Robinson, widow of the late Frank P. Robinson, former residents of Morrisville. He graduated from Peoples Academy, and from the U. V. M. in the class of 1893, being a member of the Phi Delta Theta. While in Morrisville he boarded with Mr. and Mrs. Robinson and was popular among his school associates.

All Vermonters will be sorry to learn that Candidate Roger W. Hulburd will be unable to fill his speaking engagements during the campaign. The Republican candidate for Lieutenant-Governor is one of the best stump speakers in New England.—Rutland Herald.

Girls Served Dinner

Members of the Eastern Star who attended the district meeting at Jeffersonville last week got a demonstration that demonstrated, when students in the junior high school served a five course dinner to about 100 delegates. Every step, from the killing of the fatted chicken to the making of menus with the insignia of the order upon them, was the work of the students. And when they got through they sold the rest of the eatables to housekeepers in town. There wouldn't have been anything left over, says Prof. Floyd B. Jenks, assistant dean of the college of agriculture and inspector of agricultural work in the 23 high schools of the State having such work, if the young folks hadn't been told to spread the board for 125 persons.

The Worthy Grand Matron and Worthy Grand Patron of the Eastern Star of Vermont said afterward that it was the best entertainment of the sort that they had met with in eight district conventions in the State.

Of the 38 electors who cast Pennsylvania's vote for Roosevelt in 1912, 35 are living and 27 of them, have pledged, unitedly, their support to Mr. Hughes.

The President must be credited with having put a slick one over if he can get the votes and make the people pay the freight.

VISIT SMUGGLERS' NOTCH

A Large Party Make the Trip Over From Jeffersonville to Stowe—Delightful Journey—Finest of Mountain Scenery—Royal Entertainment

The fact that a state road through Smugglers' Notch would open up a good mode of traveling through some of the finest mountain scenery in northern Vermont was the main reason for a party of nearly one hundred men visiting that section last Monday and going over the route marked out by a survey authorized by Gov. Gates—who, by the way, is very enthusiastic in regard to the proposed road.

The gathering was not a local one, but made up of representative men from various parts of the state, who had accepted an invitation from H. W. Varnum, L. S. Morse and Linus Leavens to make the trip over the new survey through the Notch to Stowe.

The day was an ideal one—the air was cool and crisp, the sky clear, making it one of Vermont's best October days. The party was met at Cambridge Junction and a dozen autos whisked them up the mountain side five miles to the mills of L. S. Morse. This alone is a delightful drive over good roads and gives one a view of Mt. Mansfield not obtained in any other direction, and also of Sterling, which is some mountain in itself.

Reaching the Morse settlement the party spent awhile in social intercourse, when announcement was made that dinner was ready. The visitors, expecting a lunch of sandwiches and coffee, or crackers and cheese, were ushered into the dining-room, which to their surprise contained half a dozen long tables decorated with fruit and autumn leaves. The walls were festooned with patriotic bunting and now and then an attractive picture. Half a dozen of Jeffersonville's charming young ladies arrayed in white, wearing aprons on which was artistically inscribed in green the word "Vermont," did the waiting act, under the direction of Mrs. Ira Morse, in a manner that would reflect credit on the best of hotels. It was a regular course dinner with dainty menu cards at each plate. The feast was splendidly prepared and nicely served. It consisted of:

Tomato Bisque—Saltines	Boiled Salmon	Potatoes au Julienne
Roast Pork—Dressing	Roast Beef, au jus	Mashed Potatoes
Squash	Pickled Beets	Rolls, a la Eli
Washington Pie	Mince Pie	Apple Pie
American Cheese	Crackers	Vanilla Ice Cream
Assorted Cake	Coffee	Aqua Pura
Tea		

After dinner the party set out for the Notch under the guidance of Commissioner Bates and Engineer Maynard—that is, most of them did. A few went on their own hook and a "rantankerous" time they had of it going up hill and down. A large wagon covered with hay and blankets and drawn by four horses was provided for those who felt that digestions would be impaired by great exertions after a heavy meal. However, all became pedestrians on reaching the point where the old route of the road was abandoned and a course along the slopes was taken to secure the easy grades which the survey substitutes for the steep, tragic agonies of "Dead Horse Hill."

Stops were made along the route to enjoy the fine views which will be afforded by the new road, and when these business men from twenty Vermont towns reached the height of land in the Notch and met the men from Stowe who had come up from the other side of the mountain there were hearty congratulations that all had devoted a day to the study of a project to open up one of the chief glories of Vermont, which would be a pride for any State.

After a visit to the Big Spring, where all drank heartily, the party divided,

some returning to Jeffersonville by the old road while others were taken to Stowe where they were the guests of Fred Boardman, who served hot coffee and sandwiches. Then they were carried to their homes by autos.

The day was a most memorable one and all felt that it had been well spent. That this may result in the building of the new road all most heartily desire and will use their best efforts to bring it about.

Here is the list of those who were there:

Hon. H. F. Graham, Craftsbury.
Hon. W. F. Scott, Brandon.
Stoddard Bates, Derby.
C. H. Doherty, Boston, Mass.

School Exhibition

The annual exhibit of the Domestic Arts and Farm Products Contest will be held in the town hall, Friday, Nov. 3d, Morrisville. There will also be exhibited the schoolroom work of the schools of the town, including the rural schools, village schools and Academy. The agricultural, domestic science, and commercial departments of Peoples Academy will display some of its work. The boys are urged to enter for prizes the products of the garden and field which they have raised this season, and the girls samples of their sewing and cooking. In the evening a program will be rendered in which the various musical organizations of the Academy will take part. It is expected that the Commissioner of Education, Milo E. Hilegas, will give an address, a representative of the State Agricultural College and others. The Grange have decided not to hold a fair, so that this year the entire exhibition will be conducted by the schools of Morrisville.

NORTH HYDE PARK

No school last Monday, as the installation of the new furnace was not completed.

Election draws near. Of course this end of the town will be solid for "Rollie" for Representative.

R. W. Crocker was among the party that went over the mountains last Monday through Smugglers' Notch. He reports a fine time.

Rev. J. E. Bowman is spending a week here, visiting old friends and parishioners. All are glad to see him. Why not have him come back and again take up pastoral duties?

The community has been made sad by the death of Mrs. Joseph Foss, which occurred last Friday. The funeral was held Sunday, exactly six weeks from the day that Mr. Foss was buried. Rev. Mr. Bowman, a former pastor, officiated. An obituary will appear later.

Old Home Day at Elmore

Sixteen automobiles and several teams transported nearly one hundred Morrisville people to Elmore last Sunday afternoon, where they enjoyed with the residents of that place the celebration of Old Home Day at the Methodist church. The church was filled to the doors and the meeting was one of the most enjoyable and enthusiastic ever held there. Old residents came back home in large numbers and gave cheering and encouraging words, among them being Charles S. Hastings, L. L. Camp and Mrs. Herman Lanpher of Morrisville. The other speakers were H. Waite, G. S. Stanelliff, Mrs. Will Peo and Charles Peo, while an especially interesting feature was Mrs. Mabel's graphic description of her four-year mission in the mission field of Africa, where she gave a husband and four sons to the cause. Mrs. Frank Merriam gave a very interesting historical sketch of the Elmore church. The program was opened with a beautifully rendered solo, "Enough to Know", by Ross, sang by Mrs. Ida Niles Jackson. Other numbers of the program included a ladies' trio, composed of Mrs. Raymore, Mrs. Jackson and Miss Ellie; a solo, "O, Zion Haste the Day," by Mrs. Jackson, with a pantomime by the following young ladies:—Merle Smalley, Thelma Edmunds, Gertrude Foss, Gertrude Ober, Charlotte Camp, Eleanor Downey and Florence Curdell; also a very nicely rendered vocal solo by Iola Merriam, little daughter of Mr. and Mrs. Frank S. Merriam. Music by an orchestra composed of Miss Shepardson, Raymond Warren, Raymond Ellis and George Ward added much to the success of the program and the enjoyment of the occasion.

**With a Reunited Republican Party ;
With a Presidential Candidate Who Inspires
Respect and Confidence ;
With a Declaration of Principles that Means
Protection to the Industries and to the
Laboring men ;
With a State Ticket made up of Tried and Faithful
Public Servants,
Vermont Republicans**

Should rally to the polls on November 7 and roll up one of those old-time majorities that was the pride of the Republicans the country over.

Let us remember our Republicanism and VOTE!
Let us remember our Republicanism to the extent of interesting our neighbors to vote!

We want one of those old-time stimulating Republican majorities for both National and State tickets.

The National Ticket

The Democrats promised to reduce the cost of living by revising the tariff; yet under the revised schedule in a period of fourteen months placed the country on the verge of bankruptcy.

Under the Wilson administration 30,000 new offices have been created to satisfy that number of "deserving Democrats."

The last Democratic Wilsonian congress has cost the country two billion dollars—the most expensive period of legislation ever known to the country.

But for the European war what would be the conditions of the country?

The war is one thing that has kept the country going—given employment to the laboring man. The blood of the nations has kept us afloat!

Dire as it is and much as we love peace, had it not been for the European upheaval, had indeed would have been the condition of these United States.

And the war will not last always. There must be an end. When that time arrives can you imagine Woodrow Wilson adjusting conditions that will insure prosperity to all the people.

In view of his spineless foreign policy the look into the future is anything but encouraging.

Voters of Vermont, and this means members of all parties, let us have a real man administration. Let us have a President who has proven himself—a man respected of men—a man whose ability is recognized in all circles—CHARLES E. HUGHES.

The State Ticket

The popularity of the men whose names will appear on the State ticket has been won in service—the kind of service that makes a department of state efficient—men whose labors have been in the interest of the taxpayer.

Therefore, we may well say, we have the ideal ticket.

Every voter should take real pride in assisting to pile up this old-time majority already referred to.

To cast your ballot for GRAHAM—HULBURD—BAILEY—SCOTT—GATES—BARBER—should afford a real pleasure.

At the same time you'll have the opportunity of casting your ballot for the HUGHES—FAIRBANKS electoral ticket, the ticket that means more to you in these critical times than any previous national election for many decades.

Watch for Announcement of Rallies Be Sure You Attend

Take an interest in the campaign that means, if victorious, an administration in both Nation and State, that will restore honor of the country and full protection for the country's citizenship.

Republican State Committee.
